To Whom it may concern,

I had very timely filing during the duration of my campaign. I filed to run for office in 2017 (so anything predating this is just wrong information as stated by Mr. Morgan) Attached are the confirmation numbers for the filings that were received by the PDC. There were amendments done on my account in which I worked through a software bug with the PDC officials and we were able to get the itemized reporting reports, also attached (documents for May and June). The funds were however reported on time and the only amendment we made was to break them out into itemized lines. My campaign was run honestly, transparently, and without any misappropriation of funds.

Thank you,
Sarah Kneller

Hi Kim,

I don't have Jennifer's direct email so maybe you can forward this her direction for me? I tried giving her a call back and left a message. I also attached the PDF of the confirmation reports I received for each adjustment.

We were still having an issue with my online reporting reflecting what my ORCA account shows. We did the adjustments for Democracy Engine and Crowd Pac and they have purple/green check marks on my side and my records show them as 0.00 amounts.
