Mr. Blackhorn,

I have done my best to try and interpret how to best provide information to these complaints and unfortunately, after having read the RCW's, I do not clearly understand what the allegations really are. I would like to speak to you, or a PDC representative directly, so I can better understand what is being asked so I can better answer to these allegations.

I also understand that your phone system is down at this time which creates some communication difficulties.

I can be reached at 360-296-1504.

Thank you,

Barry Lovell

Mr. Blackhorn,

In response to the allegations listed below, I would like to first recognize that ignorance is not an acceptable excuse, especially considering the accusations are violations of law.

With that in mind, I will respond to these allegations honestly, integrity and to the best of my understanding.

#1- admit with explanation. I had initially thought that I processed the C-6 correctly however, after the initial filing date had come and gone we heard that a complaint had been filed. I contacted the PDC and spoke with Chip to verify that we had filed correctly. Only then did I learn that I had not filed the C-6 correctly. I promptly corrected while on the phone with Chip.

#2-Deny with explanation. When I initially entered our donations in Orca, I entered an incorrect deposit date in March 2107. A March deposit date would not have been possible because our PAC wasn't established until Sept 27 and our bank account wasn't opened until Sept 28.

#3-Admit-The PAC committee was not aware of this requirement.

#4-Deny- The committee members were extremely careful not to discuss PAC issues while being paid by our employer.

#5- Admit with explanation. See explanation for # allegation #1.

I hope this satisfies your request for response to these allegations satisfactorily. If not and you require additional information or clarification please do not hesitate to contact me.

Thank You,

Barry Lovell
