Subject: PDC Case 190676 regarding Washington Engineers Political Action Committee (WEPAC)

WEPAC:

The Public Disclosure Commission (PDC) completed its review of the complaint filed by Conner Edwards on May 15, 2026. The complaint alleged violations of: RCW 29B.25.090 and .25.100 for failure to timely and accurately disclose contributions and expenditures.

Applicable Laws and Rules

A committee that selects the Full Reporting option on their C-1pc report is required to report contributions and expenditures to the PDC on C-3 reports and C-4 reports pursuant to [RCW 42.17A.235](#) & [RCW 42.17A.240](#). The due dates for these reports are based upon the election cycle, the committee's election participation, and their financial activity.

Background and Findings

- WEPAC (the Committee) is a registered Continuing Committee under the Full Reporting option.
- Upon review of the December 2025 C-4 and the January 2026 C-4, PDC staff determined the carryforward was not correct between the two reports. The January C-4 report was amended on May 27, 2026, after the complaint but within the period allowed for technical correction. There were no contributions received or expenditures made in the period of January 1 through 31, 2026.
- The Committee does not have previous warnings or violations of PDC requirements.

Summary and Resolution

Based on our findings, staff has determined that, in this instance, any violation that may have occurred was minor and has been cured. Under WAC 390-37-060, the executive director, at any time prior to consideration by the commission, may dismiss a complaint which on its face, or as shown by investigation, provides reason to believe that a violation has occurred, but also shows that the respondent is in substantial compliance with the relevant statutes or rules, or shows that formal enforcement action is not warranted. In this instance, the failure to accurately carry forward financial information from the end of one year to the beginning of the next year does not amount to a violation that warrants further investigation.

The Committee made minor or ministerial errors on required reports which did not materially harm the public interest. You made the necessary technical corrections within 2-21 days of being notified by PDC staff. See WAC [390-37-060](#).

Based on this information, the PDC has dismissed this matter in accordance with RCW 29B.60.020(1).
