

Gabriel J. Frase replied Wed, 3 Jun 2026

Thank you for the opportunity to respond.

The campaign has reviewed the sign referenced in the complaint and determined that the sponsor identification text may be slightly smaller than the required size. The sponsor identification remains present and readable on the sign. We have briefed our sign manufacturer of the concern so adjustments for future orders can be made, and to ensure no other customers have this issue. The campaign will ensure that future sign orders and campaign materials comply with sponsor identification sizing.

Thank You,  
Committee to Elect Gabriel Frase
