RE: No Hate WA State violation of RCW 29B.25.090(2)(a) for failure to timely report expenditures, inkind contributions and deposits; Multiple violations of RCW 29B.30.050 and WAC 390-18-010 for failure to state sponsor's address and top five donors in political advertising.

Dear Mr. Lavallee:

I am contacting you on behalf of Let's Go Washington (Sponsored by Brian Heywood) (LGW), a political committee registered in Washington State, regarding multiple violations of Washington public disclosure law by No Hate in WA State (the Committee), also a registered political committee in Washington State.

No Expenditure, Inkind Contribution, or Deposit Information Reported for Last Part of July 2026

RCW 29B.25.090(3)(a) requires:

> *"Each treasurer of a candidate or political committee shall file with the commission a report on the 10th day of each month during which the candidate or political committee is not participating in an election campaign,…"*

According to its C-1PC, the Committee is a registered Statewide Ballot Measure PAC opposing IL26-001 and IL26-638, and it does not support or oppose any candidates for public office. The Committee did not participate in the August 4, 2026, primary election. *Attachment 1*. As such a committee, it is required to file monthly C-4 reports detailing expenditures, inkind contributions, and deposits. While the Committee has filed C-4 reports covering some of July, the last C-4 filed on August 8, 2026, only covers through July 27, 2026, meaning a substantial amount of activity during the time period of July 28 – July 31, 2026, has not been disclosed. *Attachment 2*. A C-4 covering the entire month of July was due August 10, 2026, meaning this report and the information to be disclosed is more than a week late and still not available to the public.

As of July 27, 2026, the Committee reports expenditures of nearly $1 million but certainly more expenditures occurred during that time for which public disclosure data is missing.

Given the great public interest in this Committee and the importance to the public of the missing expenditure, inkind contribution, and deposit information, the Committee should be compelled to disclose this information immediately.

Invalid Social Media Disclosures

Pursuant to RCW 29B.30.050(1), all written political advertising must include the name and address of the sponsor, and RCW 29B.30.050(6) requires:

> *"Political advertising costing one thousand dollars or more supporting or opposing ballot measures sponsored by a political committee must include the information on the top five contributors and top three contributors, other than political committees, as required by RCW 29B.30.100."*

WAC 390-18-010 further requires:

> *"(2) All advertising must clearly state, in an area set apart from any other printed matter, that it has been paid for by the sponsor (Example: (1) Paid for by the XYZ committee, mailing address, city, state, zip code;…"*
>
> *(a) Political committees that sponsor political advertising costing or having a fair market value of $2,000 or more supporting or opposing a ballot proposition must clearly identify the "top five contributors" to that political committee, as well as the "top three donors" of all political committees identified as a "top five contributor," pursuant to WAC 390-18-025.*

And finally, PDC Interpretation No. 07-04 states that for small online ads with limited space or characters:

> *"…the disclaimer requirements can be met through an automatic communication providing or directing the viewer to the disclaimers. For example, the ad can contain the required disclaimers in an automatic "pop up", "hover-over", "mouse-over", "rollover", or in text box that otherwise automatically appears with the ad, or in a link within the ad that, when clicked once, takes the viewer to a landing page or website that contains the disclaimers."*

The Committee maintains an active social media presence on Facebook and Instagram. Content on these platforms can be accessed in three different ways:

1. On the Committee's home page for each platform on the world wide web using a browser.
2. On the Committee's home page for each platform within the app itself.
3. Through the Committee's posts on each platform accessed through the app.

For each of these methods of accessing content through web-based or app-based home pages for these platforms, the disclaimers fail because the home pages do not disclose the address of the Committee or top five contributors. *Attachments 3 and 4.* In addition, when accessing individual posts through the app for each platform, clicking the post once takes the viewer again to the web-based or app-based

home pages referenced earlier that are deficient in displaying the required disclosure information. earlier.

The PDC previously warned No Hate of its Inadequate Disclaimers

In PDC Case No. 194110, the PDC previously found that the Committee's social media disclaimers violated RCW 29B and were out of compliance. The PDC subsequently issued a warning on July 31, 2026, to the Committee based on the belief that Committee had updated its disclaimer displays on social media and was now "in substantial compliance with the relevant statute or rules". *Attachment 5*. It is clear now that under the law and rules, as interpreted by the PDC and applied to other parties in similar complaints, that the Committee is still not in compliance. The Committee should be compelled immediately to display the full disclaimer required so that the public may easily determine who is paying for the Committee's advertising.

Thank you for your timely attention to these matters.

Sincerely,

Dan Brady

The Public Disclosure Commission (PDC) completed its review of a complaint filed with the PDC.
Applicable Laws and Rules

Pursuant to RCW 29B.30.050, all written political advertising must include the name and address of the sponsor. Sponsor identification should appear on the first page or fold of the political advertising, in at least ten-point type, and be set apart from any other printed matter. WAC 390-18-010 indicates that all advertising must clearly state that it has been paid for by the sponsor.

Background and Findings

A complaint was filed alleging failure to provide sponsor identification on social media accounts.
After being notified of the complaint, the Committee updated the landing pages of the identified social media accounts to include sponsor identification within the character limits provided.
PDC staff is reminding you about the importance of providing sponsor identification and you are expected to comply with PDC statutes and rules in the future.

Summary and Resolution

Having reviewed the complaint and the supporting evidence, PDC staff has determined that you appear to have violated RCW 29B. After consideration of all the circumstances, further proceedings would not serve the purposes of the Fair Campaign Practices Act. Under WAC 390-37-070, the executive director, at any time prior to consideration by the Commission, may dismiss a complaint which on its face, or as shown by investigation, provides reason to believe that a violation has occurred, but also shows that the respondent is in substantial compliance with the relevant statutes or rules, or shows that formal enforcement action is not warranted. The executive director must report at each regular Commission meeting all complaints dismissed.

Based on this, the PDC has dismissed this matter in accordance with RCW 29B.60.020(1) and WAC 390-37-060(1)(d).
